

MicroPlus

ULTRA COMPACT MICRO INTERCONNECT

Unmatched innovation,
leveraging in-house
Amphenol technology
offering the latest micro
format connector
product for mission-
critical performance

Features

- Amphenol surface mount clip technology
- Eliminates the need for washing and soldering processes saving time and cost in PCB assembly
- Alternate to standard M83513 connectors with ultra small footprint
- Low force board mount and mating
- Allows for double sided PCB design, allowing for more components
