

# Amphenol CANADA

MILITARY & AEROSPACE

**NEW**  
Nano-D

Micro-D

ARINC 600

## Miniature Connectors

- » Nano-D  
Custom & Circular

- » D83 / DM83 / R398 Series  
Compact D-Sub

- » R38 / R38H Series  
Integrated RF  
Hybrid D-Sub (High-speed)

- » SD308 / C308 Series  
Specialty D-Sub

## Rack & Panel Connectors

- » R39 / R393 Series  
Rectangular D38999

- » R58 Series  
M83733 / JN1122

- » ARINC 404  
M81659 / AS81659  
Style

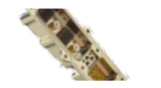

- » MMA Series  
Multi Modular ARINC

- » R27 Series  
M83527 / EN3682  
Style

## Filtered Connectors

- » 485 Series  
Filtered ARINC 600,  
ARINC 404, MMA & R27

- » 308 & FD308 Series  
Filtered D-Sub

- » M13 Series  
Filtered Micro-D

- » 164F Series  
Filtered Audio  
M55116 style

- » R64F / R64H Series  
Rectangular Docking

- » 399 / 264 Series  
Filtered Circular

## WHAT WE DO & WHERE

We work closely with distributors to identify new design-in opportunities early in the project cycle.

Our goal is to help customers design ACC products from the start and make sure our connectors are part of their long-term builds

We're focusing on both established programs and new/emerging accounts across North America

## WHAT TO LOOK FOR

- » New accounts that align with our product strengths
- » Applications needing special rugged or custom connector solutions leveraging larger, blind-mate, rack & panel capabilities (like MMA Series) or smaller miniaturized I/O connector options (like Micro-D or D83 Series)
- » Long-term programs where early engagement will pay off
